

Adrian Bejan Constructal Theory Solutions

In philosophy, systems theory, science, and art, emergence occurs when an entity is observed to have properties its parts do not have on their own.

Emergence - Wikipedia

Darwinism is a gradualist theory of evolution and branching Tree of Life thinking. Horizontal inheritance is the transfer of genes, sometimes genomes, across species borders.

Introduction to the Evolution literature - Gert Korthof

As of 2018, 13 Nobel laureates have been affiliated with Duke University. The following list includes only those who have graduated from Duke or spent at least one year as a postdoctoral researcher or two years as a faculty member at Duke.
