

### **Cells Alive Internet Lesson**

Since 1994, CELLS alive! has provided students with a learning resource for cell biology, microbiology, immunology, and microscopy through the use of mobile-friendly interactive animations, video, puzzles, quizzes and study aids.

### **CELLS alive!**

Events during Mitosis. Interphase: Cells may appear inactive during this stage, but they are quite the opposite. This is the longest period of the complete cell cycle during which DNA replicates, the centrioles divide, and proteins are actively produced.

### **Animal Cell Mitosis - CELLS alive!**

There are many types of cells. In biology class, you will usually work with plant-like cells and animal-like cells. We say "animal-like" because an animal type of cell could be anything from a tiny microorganism to a nerve cell in your brain.

### **Biology4Kids.com: Cell Structure**

Kindergarten Cell Structure and Function. The student will investigate the structure and function of plant and animal cells Key : I. Assemble and take apart objects to determine that most things are made up of parts.

### **Science Online Cells - Jefferson County Public Schools**

Cell Membranes Learn that membranes are fluid, with components that move, change, and perform vital physiological roles as they allow cells to communicate with each other and their environment.
