

Engineering Tribology

Tribology Glossary, Forum for students, Universities, conferences, software etc.

TRIBOLOGY-ABC

TRIBOLOGY: The science of interacting surfaces in relative motion, including friction, lubrication, and wear. ENGINEERING TRIBOLOGY: Combining fundamental Tribology knowledge with a deep understanding of the design and operation of machine components.

Engineering Tribology Experts - Neale Consulting Engineers

School of Mechanical Engineering at the University of Leeds, ranked 3rd in the UK. Find out more!

What is tribology? Tribology is the study of science and engineering of interacting surfaces in relative motion. It includes the study and application of the principles of friction, lubrication and wear.

Home - Tribology and Lubrication Engineering Society | STLE

On behalf of the Organizing Committee, we would like to invite you to attend the 16th International Conference on Tribology - SERBIATRIB '19 that will be held in Kragujevac (Serbia), at the Faculty of Engineering, University of Kragujevac, May 15-17, 2019.

Serbiatrib

Tribology is the science and engineering of interacting surfaces in relative motion. It includes the study and application of the principles of friction, lubrication and wear.

Tribology - Wikipedia

Northwestern Engineering offers undergraduate and graduate degree programs and research opportunities. Employing our whole-brain engineering philosophy, students and award-winning faculty and researchers collaborate to solve global problems and imagine what's next.

Vipac is an engineering consultancy with NATA certified laboratories, offering wind tunnel tests,

vibration analysis, air quality monitoring & product tests

HOME - Vipac Engineers & Scientists

Mechanical engineering is the application of physical principles to the creation of useful devices, objects and machines.

Category:Mechanical engineering - Wikipedia

The 2017 symposium will encompass 2.5 days of exhibition and conference proceedings in the University of Hertfordshire's state-of-the-art auditorium and will finish with a prestigious half day tour of the Airbus Defence and Space manufacturing facilities and Mars Yard in Stevenage.

European Space Mechanisms and Tribology Symposium 20th ...

Aben Technical Services are ISO17025 NATA Accredited Laboratories in NDT - No15676 & Mechanical Testing - No17106 - in Victoria.

Aben Tech | Destructive Testing

This site provides useful information, tables , schedules and formula related to mechanical engineering and engineering materials. It provides convenient access to data for design engineers and engineering draughtsmen.

Friction Factors. Note: I have tried to include a wide range of relevant information on this topic. It will be noted that friction values in one section do not necessarily agree with values in another section...Please use the linked references at the bottom of the page for more detailed information.

Coefficients Of Friction - RoyMech

Who we are: A comprehensive list of staff within Engineering and the Environment at the University of Southampton.
