

### **Evolution Lab Biology In Motion**

A humorous but powerful tool for simulating evolution. Watch a trait evolve and experiment with the effects of mutation rate and the strength of selection. This activity shows all the steps of natural selection in entertaining style, but generates real simulation data that can be exported or printed.

The CSHL Cancer Center is a basic research facility committed to exploring the fundamental biology of human cancer. With support from the National Cancer Institute (NCI) since 1987, our researchers have used a focused, multi-disciplinary approach to break new ground in basic tumor biology and develop innovative, advanced technologies.
