The title of this book is misleading. Bentall has no better - but, in my view, a potentially more confusing - explanation of madness than those he wishes to supplant.

### **Madness Explained: Psychosis and Human Nature by Richard P ...**

"In Madness Explained clinical psychologist Richard Bentall shatters the modern myths that surround psychosis. This work argues that we cannot define madness as an illness to be cured like any other, that labels such as 'schizophrenia' and 'manic depression' are meaningless, based on nineteenth-century classifications; and that experiences such ...
