Behavioral health documentation requirements ABA

Progress Notes are the part of a medical record where healthcare professionals record details to document a patient's clinical status or achievements during the course of a hospitalization or over the course of outpatient care. Reassessment data may be recorded in the Progress Notes, Master Treatment Plan (MTP) and/or MTP review.

Progress note - Wikipedia

* Mental health rehabilitation workers cannot develop a FA, LOCUS, interpretive summary or individual treatment plan (ITP). The MHRW can implement ITP interventions and develop a progress note co-signed by the clinical supervisor or treatment director.

The psychotherapy or crisis service progress note and the CCM progress note should clearly document the intended impact on the recipient's mental health status. 15. Does the completion of documentation related to an AOT order constitute CCM?

14 NYCRR Part 599 Mental Health Clinic Regulations

Block 2 looks at the way in which families, in their many forms, may experience and/or contribute to mental health and distress. The impact of 'place' and community, including social networks, on mental wellbeing, and the different types of 'everyday' support (for example that provided by friends, relatives and neighbours), are explored.
