### **MerCruiser Engine Alignment Procedure**

A 96 MerCruiser 5.7. The engine had been out by the PO. I put in a new gimble bearing. When I check the alignment, the tool gets stuck long before it bottoms out..

### **MerCruiser finding engine rough alignment ? - The Hull ...**

Insert the alignment tool through the gimbal bearing and into the splined receiver on the engine coupler. Make a mark on the alignment tool with a piece of chalk exactly on the top side of the handle part of the tool as an index.

### **How to Align a MerCruiser Outdrive | Gone Outdoors | Your ...**

Re: MerCruiser Alignment The engine is a new 5.7l Vortec, the outdrive is an '92 Alpha 1. The engine required a new 12 3/4" flywheel and coupler (GLM).

### **MerCruiser Alignment Page: 1 - iboats Boating Forums | 455755**

The best option (according to my MerCruiser repair shop) was to buy a drop-in remanufactured Plus-Series Engine package from MerCruiser. I swallowed the hook, mainly because this remanufactured MerCruiser had a 3 year warranty and it was a 357 magnum 4 barrel with 325hp. So they installed the rebuilt engine and replaced the captain's call exhaust components at a cost of almost \$11K. As my luck ...

### **MerCruiser engine replacement and alignment | Boat Design Net**

Re: Engine Alignment On the page you linked to, item 14 is a spacer that goes on top of the gimbal housing pad, and the flywheel housing sits on top of that. # 14 is a special double wound lock washer.

### **Engine Alignment - Offshoreonly.com**

The alignment instructions from the manufacturer of the tool call for the engine to be rotated through 90 degree increments to recheck alignment once initial alignment has been achieved. However, the MerCruiser Installation Manual does not call for this.

### **Engine Alignment - Boat Repair Forum**

Re: Help with MerCruiser engine alignment Check to be sure that the engine mount arms are tight to the engine block. If they are a bit loose, you will get some sagging and the engine will be lower than it is supposed to be.

### **Help with MerCruiser engine alignment Page: 1 - iboats ...**

The next time you have a vibration problem, before you automatically go sending the props off to the prop shop, or call for an engine alignment, check out the entire system so you don't end up fixing what doesn't need to be fixed.

### **Marine Engines : Drive System Alignment by David Pascoe ...**

MerCruiser Service manuals recommend to align engines every 100 hours or once a year. So, it is routine maintenance task. It is a quick and simple procedure, dealer didn't loose much giving it for free.
