Bokeh (pronounced bok-uh or bo-kay) is all about the blur in a photo, and, more specifically, the quality of that blur. The term comes from the Japanese word boke, which means blur.

How to Create a Bokeh Background in your Photography

"As usual the Refocus Retreat gave women the opportunity to support women - whether they were established, had fame or were still on their journey to being able to proudly call themselves a photographer, each woman was validated, respected and had the opportunity to learn or share with peers.

This is so helpful, a great write up that is helping me narrow down the long list of possibilities. My challenge is that I, as the photographer am the moving object, taking pictures from the backseat of a motorcycle often in tricky, rough terrain - sometimes of other riders, sometimes scenery and track surface.
