QlikView Incremental Loads. An incremental load in QlikView is when fresh data is loaded from a source database, whilst previously retrieved data is loaded from a local store.

How To Master QlikView Incremental Load - Quick Intelligence

I have recently received the question why there is no SELECT-CASE or SWITCH statement available in QlikView within load-statements. Sure, if you are looking into the reference-manual or into the help file, you'll find the SWITCH-CASE-statement, but this is a control statement so it cannot be used within a load-statement, e.g. this is possible
