Eighth grade. Here is a list of all the skills students learn in eighth grade! The skills are organized into categories, and you can click on any skill name to start practicing!

Eighth grade - Math Exercises

Number talks don't replace other instruction, but they are a powerful complement to it. They get all students involved, help them strengthen fluency, intuition, and mental math strategies, improve students' ability to explain and critique solutions, and allow teachers a valuable window into their students' thinking.

Number Talks | Math for Love

A simple subject is the most basic unit of sentence construction. It is the focus of the sentence. In this lesson, we will look at the definition of a simple subject and better understand its role ...
