

The Map Of Lost Memories

Mice certainly aren't men, but they can teach us a lot about memories. And in the latest experiments, mice are helping to resolve a long-simmering debate about what happens to "lost" memories.

Lost Lands are islands or continents believed by some to have existed during pre-history, but to have since disappeared as a result of catastrophic geological phenomena.

List of lost lands - Wikipedia

Workhouse Memories. Although official records tell us much about workhouses, they can never convey what it was actually like to be in one. The personal recollections of inmates or members of staff who worked there often paint a vivid picture of the sights and smells and sounds of the place, and the people who inhabited its walls.
