At TomTom, we're all about helping you get around. That's why we use cookies to improve our sites, to offer information based on your interests and to interact with social media.

How do I reset my device if it freezes or does not start?

To reset your TomTom device, do the following: Remove the Mount from the device by pressing the release button on the Mount. Pull the back cover off the device by holding either side of the cover and pushing the device through the centre of the cover.
